

## Safety Data Sheet

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015  
Issue date: 06 Oct 2026 Version: 03

---

## SECTION 1: Identification

### 1.1. Product identifier

Product form : Mixture  
Name : Cell Thawing Media 10% Dextran-40 (in 5% Dextrose)

### 1.2. Other means of identification

Synonyms : CTM-Dextrose

### 1.3. Recommended use of the chemical and restrictions on use

Recommended use : Biological material storage during thawing.  
Restrictions on use : Any use not specified.

### 1.4. Supplier's details

BioLife Solutions, LLC  
3303 Monte Villa Parkway  
Suite 310  
Bothell, WA 98021 United States of America  
Tel.: +1 (425) 402-1400 (Monday - Friday, 8:00 am - 5:00 pm Pacific)  
Email: info@biolifesolutions.com

### 1.5. Emergency phone number

Emergency number : +1 (866) 424-6543 (Monday - Friday, 8:00 am - 5:00 pm Pacific)

---

## SECTION 2: Hazard Identification

### 2.1. Classification of the substance or mixture

#### GHS classification

Not classified

### 2.2. Label elements

#### GHS labeling

No labeling applicable

### 2.3. Hazards associated with known or reasonably anticipated uses

No additional information available

### 2.4. Hazards not otherwise classified

No additional information available

### 2.5. Unknown acute toxicity

10% of the mixture consists of ingredient(s) of unknown acute toxicity (Oral)  
100% of the mixture consists of ingredient(s) of unknown acute toxicity (Dermal)  
100% of the mixture consists of ingredient(s) of unknown acute toxicity (Inhalation (Dust/Mist))

---

## SECTION 3: Composition/information on ingredients

### 3.1. Substances

Not applicable

# Cell Thawing Media 10% Dextran-40 (in 5% Dextrose)

## Safety Data Sheet

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015

### 3.2. Mixtures

No other components are listed on the SDS because they are not classified as hazardous, and/or they are present below applicable thresholds and are not required to be shown.

## SECTION 4: First aid measures

### 4.1. Description of necessary first-aid measures

|                                       |                                                                                                                                                                              |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| First-aid measures general            | : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice.                                                                            |
| First-aid measures after inhalation   | : Remove person to fresh air and keep comfortable for breathing. Allow affected person to breathe fresh air. Allow the victim to rest.                                       |
| First-aid measures after skin contact | : Wash skin with plenty of water. Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.                            |
| First-aid measures after eye contact  | : Rinse eyes with water as a precaution. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if pain, blinking or redness persists. |
| First-aid measures after ingestion    | : Rinse mouth. Do NOT induce vomiting. Call a poison center/doctor/physician if you feel unwell.                                                                             |

### 4.2. Most important symptoms/effects, acute and delayed

|                                                     |                                                                                            |
|-----------------------------------------------------|--------------------------------------------------------------------------------------------|
| Potential Adverse human health effects and symptoms | : Based on available data, the classification criteria are not met.                        |
| Symptoms/effects                                    | : Not expected to present a significant hazard under anticipated conditions of normal use. |
| Symptoms/effects after inhalation                   | : None under normal conditions.                                                            |
| Symptoms/effects after skin contact                 | : None under normal conditions.                                                            |
| Symptoms/effects after eye contact                  | : None under normal conditions.                                                            |
| Symptoms/effects after ingestion                    | : None under normal conditions.                                                            |

### 4.3. Indication of immediate medical attention and special treatment needed, if necessary

|           |                          |
|-----------|--------------------------|
| Treatment | : Treat symptomatically. |
|-----------|--------------------------|

## SECTION 5: Fire-fighting measures

### 5.1. Suitable (and unsuitable) extinguishing media

|                                |                                                        |
|--------------------------------|--------------------------------------------------------|
| Suitable extinguishing media   | : Water spray. Dry powder. Foam. Carbon dioxide. Sand. |
| Unsuitable extinguishing media | : Do not use a heavy water stream.                     |

### 5.2. Specific hazards arising from the chemical

|                                                  |                                |
|--------------------------------------------------|--------------------------------|
| Fire hazard                                      | : No fire hazard.              |
| Explosion hazard                                 | : No direct explosion hazard.  |
| Hazardous decomposition products in case of fire | : Toxic fumes may be released. |

### 5.3. Special protective equipment and precautions for fire-fighters

|                                |                                                                                                                                                                                                                                                                                                                       |
|--------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Firefighting instructions      | : Exercise caution when fighting any chemical fire. Fight fire from safe distance and protected location. Do not enter fire area without proper protective equipment, including respiratory protection. Use water spray or fog for cooling exposed containers. Prevent fire-fighting water from entering environment. |
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. Do not enter fire area without proper protective equipment, including respiratory protection.                                                                                |

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|                  |                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| General measures | : Stop leak if safe to do so. Absorb spillage to prevent material-damage. Notify authorities if product enters sewers or public waters. |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------|

# Cell Thawing Media 10% Dextran-40 (in 5% Dextrose)

## Safety Data Sheet

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015

### For non-emergency personnel

- Protective equipment : Wear recommended personal protective equipment.
- Emergency procedures : Evacuate unnecessary personnel. Ventilate spillage area.

### For emergency responders

- Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to Section 8: "Exposure controls/personal protection". Equip cleanup crew with proper protection.
- Emergency procedures : Evacuate unnecessary personnel. Stop leak if safe to do so. Ventilate area.
- Environmental precautions : Avoid release to the environment. Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters.

### 6.2. Methods and materials for containment and cleaning up

- For containment : Stop leak, if possible without risk. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Absorb spilled material with sand or earth.
- Methods for cleaning up : Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Collect spillage. Store away from other materials.
- Other information : Dispose of materials or solid residues at an authorized site.

For further information refer to section 13, See Heading 8, Exposure controls and personal protection.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

- Precautions for safe handling : Provide good ventilation in process area to prevent formation of vapor. Wear personal protective equipment. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.
- Hygiene measures : Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
- Additional hazards when processed : Not expected to present a significant hazard under anticipated conditions of normal use.

### 7.2. Conditions for safe storage, including incompatibilities

- Storage conditions : Store at room temperature.
- Incompatible materials : Strong acids, strong bases, strong oxidizers. Water reactive materials.
- Storage temperature : 20 – 25 °C
- Packaging materials : Always store product in container of same material as original container.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

No additional information available.

### 8.2. Appropriate engineering controls

- Appropriate engineering controls : Industrial and professional. Perform risk assessment prior to use. Ensure good ventilation of the work station.
- Environmental exposure controls : Avoid release to the environment.

### 8.3. Individual protection measures, such as personal protective equipment

#### Personal protective equipment:

Wear recommended personal protective equipment. Avoid all unnecessary exposure.

|                                                                                                   |
|---------------------------------------------------------------------------------------------------|
| <b>Hand protection:</b>                                                                           |
| Wear protective gloves. Wear water impervious gloves. Nitrile rubber. Butyl rubber. VITON gloves. |

# Cell Thawing Media 10% Dextran-40 (in 5% Dextrose)

## Safety Data Sheet

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015

### Eye protection:

Chemical goggles or safety glasses.

### Skin and body protection:

Long sleeved protective clothing.

### Respiratory protection:

None under normal use.

### Other information:

Do not eat, drink or smoke during use.

## SECTION 9: Physical and chemical properties

### 9.1. Basic physical and chemical properties

|                                |                                |
|--------------------------------|--------------------------------|
| Physical state                 | : Liquid                       |
| Appearance                     | : Clear                        |
| Color                          | : Colorless or slightly yellow |
| Odor                           | : Odorless                     |
| Odor threshold                 | : No data available            |
| pH                             | : 3 – 7                        |
| Melting point                  | : No data available            |
| Freezing point                 | : No data available            |
| Boiling point                  | : No data available            |
| Flash point                    | : No data available            |
| Flammability                   | : No data available            |
| Vapor pressure                 | : No data available            |
| Relative vapor density at 20°C | : No data available            |
| Relative density               | : No data available            |
| Solubility                     | : Soluble in water             |
| Log Pow                        | : No data available            |
| Auto-ignition temperature      | : No data available            |
| Decomposition temperature      | : No data available            |
| Viscosity, kinematic           | : No data available            |
| Explosion limits               | : No data available            |
| Particle characteristics       | : No data available            |

### 9.2. Data relevant with regard to physical hazard classes (supplemental)

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

# Cell Thawing Media 10% Dextran-40 (in 5% Dextrose)

## Safety Data Sheet

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015

### 10.5. Incompatible materials

Strong acids, strong bases, strong oxidizers. Water reactive materials.

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION 11: Toxicological information

Likely routes of exposure : Skin and eye contact. Inhalation.

### 11.1. Information on toxicological effects

Acute toxicity (oral) : Not classified  
Acute toxicity (dermal) : Not classified  
Acute toxicity (inhalation) : Not classified

| Cell Thawing Media 10% Dextran 40 (in 0.9% NaCl) |                                                                                                                                                                                                                                                                       |

## SECTION 12: Ecological information

### 12.1. Ecotoxicity

Ecology - general : The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.  
Hazardous to the aquatic environment, short-term (acute) : Not classified  
Hazardous to the aquatic environment, long-term (chronic) : Not classified

### 12.2. Persistence and degradability

| Cell Thawing Media 10% Dextran-40 (in 5% Dextrose) |                    |
|----------------------------------------------------|--------------------|
| Persistence and degradability                      | Rapidly degradable |

# Cell Thawing Media 10% Dextran-40 (in 5% Dextrose)

## Safety Data Sheet

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015

### 12.3. Bioaccumulative potential

No additional information available.

### 12.4. Mobility in soil

No additional information available.

### 12.5. Other adverse effects

Fluorinated greenhouse gases : No.  
Other information : Avoid release to the environment.

## SECTION 13: Disposal considerations

Waste treatment methods : Dispose of contents/container in accordance with licensed collector's sorting instructions.  
Waste disposal recommendations : Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.  
Additional information : Do not re-use empty containers.  
Ecology - waste materials : Avoid release to the environment.

## SECTION 14: Transport information

In accordance with DOT / TDG / IMDG / IATA

### 14.1. UN number

Not regulated for transport

### 14.2. UN Proper Shipping Name

Proper Shipping Name (DOT) : Not regulated.  
Proper Shipping Name (TDG) : Not regulated.  
Proper Shipping Name (IMDG) : Not regulated.  
Proper Shipping Name (IATA) : Not regulated.

### 14.3. Transport hazard class(es)

**DOT**  
Transport hazard class(es) (DOT) : Not regulated.

**TDG**  
Transport hazard class(es) (TDG) : Not regulated.

**IMDG**  
Transport hazard class(es) (IMDG) : Not regulated.

**IATA**  
Transport hazard class(es) (IATA) : Not regulated.

### 14.4. Packing group

Packing group (DOT) : Not regulated.  
Packing group (TDG) : Not regulated.  
Packing group (IMDG) : Not regulated.  
Packing group (IATA) : Not regulated.

### 14.5. Environmental hazards

Other information : No supplementary information available.

### 14.6. Transport in bulk

Not applicable

# Cell Thawing Media 10% Dextran-40 (in 5% Dextrose)

## Safety Data Sheet

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015

### 14.7. Special precautions for user

#### DOT

Not regulated.

#### TDG

Not regulated.

#### IMDG

Not regulated.

#### IATA

Not regulated.

## SECTION 15: Regulatory information

### 15.1. Federal regulations

Commercial status of components according to the United States Environmental Protection Agency's Toxic Substances Control Act (TSCA):

No data available

This product or mixture is not known to contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

### 15.2. International regulations

#### CANADA

No additional information available

#### EU-Regulations

No additional information available

#### National regulations

No additional information available

### 15.3. State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm.

## SECTION 16: Other information

according to Federal Register / Vol. 89, No. 98 / Monday, May 20, 2024 / Rules and Regulations, Canada Hazardous Products Regulations (HPR) / Règlement sur les produits dangereux (RPD), Mexico NOM-018-STPS-2015

Issue date : 02/16/2026

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.

## Signature Manifest

**Document Number:** SDS-0006

**Revision:** 03

**Title:** Cell Thawing Media 10% Dextran-40 (in 5% Dextrose) Safety Data Sheet (NA)

**Effective Date:** 06 Oct 2026

All dates and times are in US/Pacific.

### Cell Thawing Media 10% Dextran-40 (in 5% Dextrose) Safety Data Sheet (NA)

#### Collaboration Step

| Name/Signature         | Title            | Date                     | Meaning/Reason |
|------------------------|------------------|--------------------------|----------------|
| Michele Haler (MHALER) | Quality Engineer | 21 Sep 2026, 01:09:32 PM | Complete       |

#### Department Approval

| Name/Signature           | Title                        | Date                     | Meaning/Reason |
|--------------------------|------------------------------|--------------------------|----------------|
| Matthew Selley (MSELLEY) | Director Aseptic Form & Fill | 22 Sep 2026, 12:42:06 PM | Approved       |

#### Quality Approval

| Name/Signature                  | Title                       | Date                     | Meaning/Reason |
|---------------------------------|-----------------------------|--------------------------|----------------|
| Brittany Bentcover (BBENTCOVER) | Director of Quality - Media | 21 Sep 2026, 02:38:17 PM | Approved       |

#### Training Approval

| Name/Signature     | Title           | Date                     | Meaning/Reason |
|--------------------|-----------------|--------------------------|----------------|
| Misti Long (MLONG) | QA Specialist I | 23 Sep 2026, 02:24:14 PM | Approved       |

#### Document Control Approval

| Name/Signature     | Title           | Date                     | Meaning/Reason |
|--------------------|-----------------|--------------------------|----------------|
| Misti Long (MLONG) | QA Specialist I | 23 Sep 2026, 02:27:58 PM | Approved       |
